

smacc::SignalDetector
::pollOnce

```
graph LR; A[smacc::SignalDetector::pollOnce] --> B[smacc::ISmaccStateMachine::lockStateMachine];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'smacc::SignalDetector' on the top line and '::pollOnce' on the bottom line. The right box is light gray with a black border and contains the text 'smacc::ISmaccStateMachine' on the top line and '::lockStateMachine' on the bottom line. A dark blue arrow points from the right side of the left box to the left side of the right box.

smacc::ISmaccStateMachine
::lockStateMachine
