

testing::internal::  
invoke\_argument::InvokeArgumentAdl

```
graph LR; A[testing::ACTION_TEMPLATE] --> B[testing::internal::invoke_argument::InvokeArgumentAdl]
```

The diagram illustrates a function call. A box on the right, labeled 'testing::ACTION\_TEMPLATE', has a blue arrow pointing to a box on the left. The left box is shaded gray and contains the text 'testing::internal::invoke\_argument::InvokeArgumentAdl'.

testing::ACTION\_TEMPLATE
