

```
boost::statechart::  
event< EvCbFailure<  
  AsyncCB, Orthogonal > >
```

A UML diagram showing inheritance. A blue arrow with an open triangle head points from the `smacc::EvCbFailure` class to the `boost::statechart::event` class. Both classes are represented as three-row boxes. The top row of each box contains the class name and its template parameters. The bottom two rows are empty in the `boost::statechart::event` box and shaded gray in the `smacc::EvCbFailure` box.

```
smacc::EvCbFailure  
< AsyncCB, Orthogonal >
```
