

```
testing::internal::  
ReturnAction::Impl<  
  ByMoveWrapper< R_ >,  
  F >::Perform
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the code for a templated function: `testing::internal::ReturnAction::Impl<ByMoveWrapper< R_ >, F >::Perform`. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the code `testing::internal::move`. This represents the instantiation of the templated function with the `move` type.

```
testing::internal::move
```
