

submodules/robot\_controllers  
/robot\_controllers\_interface  
/include/robot\_controllers\_interface  
/handle.h

```
graph TD; A["submodules/robot_controllers<br>/robot_controllers_interface<br>/include/robot_controllers_interface<br>/handle.h"] --> B["string"]; A --> C["boost/shared_ptr.hpp"];
```

The diagram illustrates the dependencies of the file `submodules/robot_controllers/robot_controllers_interface/include/robot_controllers_interface/handle.h`. Two blue arrows point from the bottom of the main box to two separate boxes below it, indicating that the main file depends on the contents of these two boxes.

string

boost/shared\_ptr.hpp
