

boost::statechart::  
event< Ev2 >

```
classDiagram
    class Base["boost::statechart::event< Ev2 >"]
    class Derived["sm_viewer_sim::Ev2"]
    Base <|-- Derived
```

The diagram consists of two class boxes. The top box, representing the base class, is white with a thin grey border and contains the text 'boost::statechart::' followed by 'event< Ev2 >' on two lines. It has two empty rectangular compartments below the text. The bottom box, representing the derived class, is grey with a thick black border and contains the text 'sm\_viewer\_sim::Ev2' on the top line. It also has two empty rectangular compartments below the text. A blue arrow with an open triangular head points from the top edge of the bottom box to the bottom edge of the top box, indicating an inheritance relationship.

sm\_viewer\_sim::Ev2
