

smacc::introspection
::SmaccStateMachineInfo
::assembleSMStructureMessage

```
graph LR; A["smacc::introspection  
::SmaccStateMachineInfo  
::assembleSMStructureMessage"] --> B["smacc::introspection  
::transitionInfoToMsg"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains three lines of text: 'smacc::introspection', '::SmaccStateMachineInfo', and '::assembleSMStructureMessage'. The right box is gray with a black border and contains two lines of text: 'smacc::introspection' and '::transitionInfoToMsg'.
