

```
sm_dance_bot_strikes  
_back::StEventCountDown  
::staticConfigure
```

A diagram showing a call to the staticConfigure method on the sm\_dance\_bot\_strikes\_back object. A blue arrow points from the call site to the definition of the staticConfigure method in the SmaccState class.

```
smacc::SmaccState<  
  StEventCountDown, MsDance  
  BotRunMode >::static_createState  
  Reactor
```
