

```
boost::statechart::  
event< EvSequenceFinished  
      < StateType > >
```

The diagram shows two class boxes. The top box, representing `boost::statechart::event< EvSequenceFinished < StateType > >`, has a white background and is divided into three horizontal sections. The bottom section is empty. The bottom box, representing `smacc::default_events::EvSequenceFinished < StateType >`, has a gray background and is also divided into three horizontal sections, with the bottom section being empty. A blue arrow points from the top of the bottom box to the bottom of the top box, indicating an inheritance relationship.

```
smacc::default_events  
::EvSequenceFinished  
  < StateType >
```
