The diagram illustrates an inheritance relationship. A base class, `boost::statechart::event< EvWaypoint53 < TSource, TOrthogonal > >`, is shown in a white box at the top. A derived class, `cl_move_base_z::EvWaypoint53 < TSource, TOrthogonal >`, is shown in a grey box at the bottom. A blue arrow with an open triangle head points from the derived class to the base class, indicating inheritance.
