This diagram illustrates the relationship between three source files in a C++ project. At the top is a header file, `smacc_diagnostics/smacc_rviz_plugin/src/imu_visual.h`, which is shaded gray. Below it are two source files: `smacc_diagnostics/smacc_rviz_plugin/src/imu_visual.cpp` on the left and `smacc_diagnostics/smacc_rviz_plugin/src/smacc_rviz_display.cpp` on the right. Blue arrows point from each source file to the header file, indicating that both source files include this header.
