

```
smacc::state_reactors  
::SrRandomGenerator::  
declareObjectTag
```

```
graph LR; A["smacc::state_reactors  
::SrRandomGenerator::  
declareObjectTag"] --> B[update]
```

A diagram showing a call to the `declareObjectTag` method of the `SrRandomGenerator` class within the `smacc::state_reactors` namespace. A blue arrow points from this call to a box labeled `update`, indicating that the method call results in an update operation.
