

smacc::SignalDetector
::setProcessorHandle

```
graph RL; A[smacc::run] --> B[smacc::SignalDetector::setProcessorHandle];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'smacc::SignalDetector' on the top line and '::setProcessorHandle' on the bottom line. The box on the right is white with a black border and contains the text 'smacc::run'. A dark blue arrow points from the right side of the white box to the left side of the gray box.

smacc::run
