The diagram consists of two class boxes. The top box, representing the base class, is divided into three horizontal sections. The first section contains the text 'boost::statechart::' on the first line and 'event< EvToDeep >' on the second line. The second and third sections are empty. The bottom box, representing the derived class, is also divided into three horizontal sections. The top section contains the text 'sm_packml::EvToDeep'. The middle and bottom sections are shaded gray. A blue arrow with an open triangular head points from the top edge of the bottom box to the bottom edge of the top box, indicating an inheritance relationship.
