

```
boost::statechart::  
event< EvKeyPressL<  
    TSource, TObjectTag > >
```

The diagram consists of two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressL< TSource, TObjectTag > >'. The bottom box is gray and contains the text 'cl\_keyboard::EvKeyPressL< TSource, TObjectTag >'. A blue arrow with an open triangular head points from the bottom box to the top box, indicating that 'cl\_keyboard::EvKeyPressL' inherits from 'boost::statechart::event'.

```
cl_keyboard::EvKeyPressL  
< TSource, TObjectTag >
```
