

franka::combineInertiaTensor

```
graph LR; A[franka::combineInertiaTensor] --> B[franka::skewSymmetricMatrixFromVector]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'franka::combineInertiaTensor'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'franka::skewSymmetricMatrixFromVector'.
