The diagram illustrates four state transitions from the left, each represented by a white box with a black border, pointing via blue arrows to a central gray box with a black border on the right. The transitions are labeled as follows: 'cl_move_base_z::CbRotate::onEntry', 'cl_move_base_z::CbNavigateBackwards::onEntry', 'cl_move_base_z::CbAbsoluteRotate::onEntry', and 'cl_move_base_z::CbNavigateForward::onEntry'. The central box is labeled 'smacc::ISmaccState::param'.
