

```
sm_respira_1::ac_cycle  
_inner_states::StiACCycleDwell  
::onSingleBehaviorTickCallback
```

The diagram consists of two rectangular boxes. The box on the left has a light gray background and contains three lines of text representing a state machine's internal state and a callback function. The box on the right has a white background and contains two lines of text representing the same state machine's state and a call to a runtime configuration function. A blue arrow points from the right box to the left box, indicating a call or interaction.

```
sm_respira_1::ac_cycle  
_inner_states::StiACCycleDwell  
::runtimeConfigure
```
