

sc::event< EvFinishDemo >

```
classDiagram
    class sc_event["sc::event< EvFinishDemo >"]
    class sm_moveit_4_EvFinishDemo["sm_moveit_4::EvFinishDemo"]
    sm_moveit_4_EvFinishDemo --|> sc_event
```

The diagram consists of two class boxes. The top box, representing the base class, is divided into three horizontal sections. The first section contains the text 'sc::event< EvFinishDemo >', while the second and third sections are empty. The bottom box, representing the derived class, is also divided into three horizontal sections. The first section contains the text 'sm\_moveit\_4::EvFinishDemo', while the second and third sections are shaded gray. A blue arrow with an open triangular head points from the top of the bottom box to the bottom of the top box, indicating an inheritance relationship.

sm\_moveit\_4::EvFinishDemo
