

```
smacc::introspection  
::SmaccStateMachineInfo  
::assembleSMStructureMessage
```

```
graph LR; A["smacc::introspection  
::SmaccStateMachineInfo  
::computeAllStateMessage"] --> B["smacc::introspection  
::SmaccStateMachineInfo  
::assembleSMStructureMessage"]
```

A diagram showing a call from the `computeAllStateMessage` function to the `assembleSMStructureMessage` function. The call is represented by a blue arrow pointing from the right box to the left box.

```
smacc::introspection  
::SmaccStateMachineInfo  
::computeAllStateMessage
```
