A diagram showing a call from a sensor class to a client base class. On the right, a box contains the code: `cl_multirole_sensor`, `::CIMultiroleSensor`, and `< sensor_msgs::Temperature` followed by `>::initialize`. A blue arrow points from this box to a grey box on the left. The grey box contains the code: `smacc::client_bases`, `::SmaccSubscriberClient`, and `::initialize`.

```
