

SUCCESS

```
stateDiagram-v2
    state sm_ferrari {
        state StState4
        state SUCCESS
        StState4 --> SUCCESS
    }
    style sm_ferrari fill:#d3d3d3,stroke:#000,stroke-width:1px
    style SUCCESS fill:#fff,stroke:#000,stroke-width:1px
```

The diagram illustrates a state transition in a state machine. It consists of two states: `sm_ferrari::StState4` and `SUCCESS`. The `sm_ferrari::StState4` state is represented by a gray-shaded rectangle divided into three horizontal sections. The top section contains the text `sm_ferrari::StState4` and `::NEXT`. The `SUCCESS` state is represented by a white rectangle divided into three horizontal sections, with the top section containing the text `SUCCESS`. A blue arrow points from the top section of the `sm_ferrari::StState4` state to the bottom section of the `SUCCESS` state, indicating a transition.

sm_ferrari::StState4
