

```
function< void(std  
::shared_ptr< smacc  
::StateReactor >)>
```

The diagram consists of two class boxes. The top box is white and contains a function signature: `function< void(std::shared_ptr< smacc::StateReactor >)>`. The bottom box is gray and contains the text: `smacc::introspection::StateReactorCallbackFunctor`. A vertical line connects the bottom of the top box to the top of the bottom box. On this line, there is a small open diamond symbol, indicating an aggregation relationship. To the right of the line, the text `+fn` is written.

+fn

```
smacc::introspection  
::StateReactorCallbackFunctor
```
