

```
sm_fetch_two_table  
_pick_n_place_1::SS1  
::SsPickObject::onMoveitError
```

A diagram showing a call from the `runtimeConfigure` method to the `onMoveitError` method. A blue arrow points from the `runtimeConfigure` box on the right to the `onMoveitError` box on the left.

```
sm_fetch_two_table  
_pick_n_place_1::SS1  
::SsPickObject::runtimeConfigure
```
