

```
boost::statechart::  
event< EvMoveGroupMotionExecution  
    Failed< TSource, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvMoveGroupMotionExecution Failed< TSource, TOrthogonal > >'. The bottom box is gray and contains the text 'cl\_move\_group\_interface::EvMoveGroupMotionExecution Failed< TSource, TOrthogonal >'. A blue arrow with an open triangular head points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
cl_move_group_interface  
::EvMoveGroupMotionExecution  
Failed< TSource, TOrthogonal >
```
