

smacc::StateReactor
::initialize

```
graph LR; A[smacc::StateReactor::initialize] --> B[smacc::StateReactor::onInitialized]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'smacc::StateReactor' on the top line and '::initialize' on the bottom line. The right box is white with a black border and contains the text 'smacc::StateReactor' on the top line and '::onInitialized' on the bottom line. A dark blue arrow points from the right side of the gray box to the left side of the white box.

smacc::StateReactor
::onInitialized
