The diagram illustrates an inheritance relationship. A base class box at the top contains the text 'boost::statechart::event< EvWaypoint233< TSource, TOrthogonal > >'. It is divided into three horizontal sections, with the text in the top section. A derived class box at the bottom is shaded gray and contains 'cl\_move\_base\_z::EvWaypoint233< TSource, TOrthogonal >' in the top section, '+ waypointIndex' in the middle section, and an empty section at the bottom. A blue arrow with an open triangular head points from the top of the derived class box to the bottom of the base class box.
