

```
boost::statechart::  
event< EvKeyPressU<  
    TSource, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressU< TSource, TOrthogonal > >'. The bottom box is gray and contains the text 'cl\_keyboard::EvKeyPressU< TSource, TOrthogonal >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
cl_keyboard::EvKeyPressU  
< TSource, TOrthogonal >
```
