

testing::TestCase::
successful_test_count

```
graph LR; A[testing::TestCase::successful_test_count] --> B[testing::internal::CountIf]
```

The diagram consists of two rectangular boxes connected by a dark blue arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'testing::TestCase::successful_test_count'. The right box has a white background and a black border, containing the text 'testing::internal::CountIf'.

testing::internal::
CountIf
