

testing::StrCaseNe

```
graph LR; A[testing::StrCaseNe] --> B[testing::MakePolymorphicMatcher];
```

A diagram showing a relationship between two testing utilities. On the left, a gray rectangular box contains the text 'testing::StrCaseNe'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'testing::MakePolymorphicMatcher' on two lines.
