The diagram consists of two rectangular boxes. The top box is white with a thin grey border and contains the text 'boost::statechart::event< EvWaypoint220< TSource, TOrthogonal > >'. The bottom box is grey with a thick black border and contains the text 'cl_move_base_z::EvWaypoint220< TSource, TOrthogonal >' followed by '+ waypointIndex' on the next line. A blue arrow with an open triangular head points from the top of the bottom box to the bottom of the top box, indicating a generalization relationship.
