The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes. The top box contains the text 'cl_move_base_z::CbUndoPath Backwards2::onEntry'. The bottom box contains the text 'cl_move_base_z::CbUndoPath Backwards2::update'. On the right, there is a single gray rectangular box containing the text 'cl_move_base_z::CbUndoPath Backwards2::evalPlaneSide'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both 'onEntry' and 'update' methods are associated with or mapped to the 'evalPlaneSide' method.
