

```
move_base_z_client  
::PlannerSwitcher::setForward  
  Planner
```

```
graph LR; A["move_base_z_client  
::PlannerSwitcher::setForward  
  Planner"] --> B["move_base_z_client  
::PlannerSwitcher::updatePlanners"]
```

A diagram showing a call from the `move_base_z_client` to the `updatePlanners` method of the `PlannerSwitcher` class. The call is represented by a blue arrow pointing from the left box to the right box.

```
move_base_z_client  
::PlannerSwitcher::updatePlanners
```
