

```
sm_fetch_six_table  
_pick_n_sort_1::place  
_states::StMovePrePlacePose  
::runtimeConfigure
```

A blue arrow points from the left box to the right box, indicating a transition or flow between the two states.

```
sm_fetch_six_table  
_pick_n_sort_1::cl_perception  
_system::ClPerceptionSystem  
::decidePrePlacePose
```
