

std::runtime_error

```
classDiagram
    class std_runtime_error["std::runtime_error"]
    class franka_exception["franka::Exception"]
    franka_exception --|> std_runtime_error
```

The diagram consists of two rectangular boxes representing classes. The top box is white with a thin grey border and is divided into three horizontal sections. The top section contains the text 'std::runtime_error', while the two bottom sections are empty. The bottom box is grey with a thick black border and is also divided into three horizontal sections. The top section contains the text 'franka::Exception', while the two bottom sections are empty. A blue arrow with a triangular head points from the top edge of the 'franka::Exception' box to the bottom edge of the 'std::runtime_error' box, indicating an inheritance relationship.

franka::Exception
