

testing::internal::
FilePath::IsDirectory

```
graph LR; A[testing::internal::FilePath::IsDirectory] --> B[testing::internal::IsPathSeparator];
```

A diagram showing a call from the `testing::internal::FilePath::IsDirectory` function to the `testing::internal::IsPathSeparator` function. The call is represented by a blue arrow pointing from the left box to the right box.

testing::internal::
IsPathSeparator
