The diagram shows a base class box with the text 'boost::statechart::event< EvWaypoint110 < TSource, TObjectTag > >' and two empty compartments below it. A blue arrow points from the top of a derived class box to the base class box. The derived class box has a grey background and contains 'cl\_move\_base\_z::EvWaypoint110 < TSource, TObjectTag >' in the top compartment, '+ waypointIndex' in the middle compartment, and an empty compartment at the bottom.
