```

The diagram shows a base class box with the text 'boost::statechart::event< EvWaypoint35< TSource, TObjectTag > >' in its top section. Below this are two empty sections. A blue arrow with an open triangle head points from the top of a derived class box to the bottom of the base class box. The derived class box has a grey background and contains 'cl\_move\_base\_z::EvWaypoint35< TSource, TObjectTag >' in its top section, '+ waypointIndex' in its middle section, and an empty bottom section.
