

```
sm_moveit_screw_loop  
::cl_move_group_interface  
::CpConstraintTableWorkspaces  
::disableTableCollisionVolume
```

A diagram showing a transformation from a set of symbols to another set of symbols. A blue arrow points from a gray box on the left to a white box on the right. The gray box contains four symbols: sm_moveit_screw_loop, ::cl_move_group_interface, ::CpConstraintTableWorkspaces, and ::disableTableCollisionVolume. The white box contains the same four symbols, but the last one, ::disableTableCollisionVolume, has been replaced by ::update.

```
sm_moveit_screw_loop  
::cl_move_group_interface  
::CpConstraintTableWorkspaces  
::update
```
