

```
function< void(std  
::shared_ptr< smacc  
::StateReactor >)>
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'function< void(std ::shared_ptr< smacc ::StateReactor >)>'. It is divided into three horizontal sections by two thin black lines. The bottom section is empty. A vertical line extends from the bottom center of the top box to a small white diamond. To the right of this line is the text '+fn'. The diamond is positioned at the top center of the bottom box. The bottom box is gray with a black border and contains the text 'smacc::introspection ::StateReactorCallbackFunctor'. It is also divided into three horizontal sections by two thin black lines. The middle and bottom sections are empty.

+fn

```
smacc::introspection  
::StateReactorCallbackFunctor
```
