

```
boost::statechart::  
event< MoveGroupMotionExecution  
Failed< TSource, TObjectTag > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< MoveGroupMotionExecutionFailed< TSource, TObjectTag > >'. The bottom box is gray and contains the text 'sm_moveit::cl_movegroup::MoveGroupMotionExecutionFailed< TSource, TObjectTag >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
sm_moveit::cl_movegroup  
::MoveGroupMotionExecutionFailed  
< TSource, TObjectTag >
```
