

```
smacc::ISmaccStateMachine  
::mapBehavior
```

```
graph LR; A["smacc::ISmaccStateMachine  
::mapBehavior"] --> B["smacc::introspection  
::demangleSymbol"]
```

A diagram showing a mapping from the `smacc::ISmaccStateMachine::mapBehavior` method to the `smacc::introspection::demangleSymbol` function. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.

```
smacc::introspection  
::demangleSymbol
```
