

boost::statechart::
event< EvFail >

```
classDiagram
    class boost_statechart_event["boost::statechart::event< EvFail >"]
    class sm_three_some_EvFail["sm_three_some::EvFail"]
    sm_three_some_EvFail --|> boost_statechart_event
```

The diagram consists of two class boxes. The top box, representing the base class, is white with a black border and contains the text 'boost::statechart::event< EvFail >'. It is divided into three horizontal sections by thin black lines. The bottom box, representing the derived class, is gray with a black border and contains the text 'sm_three_some::EvFail'. It is also divided into three horizontal sections. A blue arrow with an open triangular head points from the top of the gray box to the bottom of the white box, indicating an inheritance relationship.

sm_three_some::EvFail
