The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'function< void(std::shared_ptr< smacc::StateReactor >)>'. It is divided into three horizontal sections by two thin black lines. The bottom box is gray with a black border and contains the text 'smacc::introspection::CallbackFunctor'. It is also divided into three horizontal sections by two thin black lines. A vertical line connects the bottom of the top box to the top of the bottom box. On this line, there is a small open diamond symbol, indicating an aggregation relationship. To the right of the line, the text '+fn' is written.
