

move_base_z_client
::PlannerSwitcher::dynreconf
Callback

```
graph LR; A["move_base_z_client  
::PlannerSwitcher::dynreconf  
Callback"] --> B["move_base_z_client  
::PlannerSwitcher::updatePlanners"]
```

A diagram showing a mapping from a callback function to an update function. On the left, a gray rectangular box contains the text 'move_base_z_client', '::PlannerSwitcher::dynreconf', and 'Callback'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'move_base_z_client' and '::PlannerSwitcher::updatePlanners'.
