

```
boost::statechart::  
event< EvKeyPressQ<  
    TSource, TObjectTag > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressQ< TSource, TObjectTag > >'. The bottom box is gray and contains the text 'cl\_keyboard::EvKeyPressQ< TSource, TObjectTag >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
cl_keyboard::EvKeyPressQ  
< TSource, TObjectTag >
```
