

```
boost::statechart::  
event< EvKeyPressW<  
    TSource, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressW< TSource, TOrthogonal > >'. The bottom box is gray and contains the text 'cl\_keyboard::EvKeyPressW< TSource, TOrthogonal >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
cl_keyboard::EvKeyPressW  
< TSource, TOrthogonal >
```
