

```
smacc::event_generators  
::EgConditionalGenerator  
::onEntry
```

A diagram showing a call from the `onEntry` method of the `smacc::event_generators::EgConditionalGenerator` class to the `checkPredicateAndPost` method of the same class. The source is in a grey box and the target is in a white box, connected by a blue arrow.

```
smacc::event_generators  
::EgConditionalGenerator  
::checkPredicateAndPost
```
