The diagram shows a class hierarchy. The base class, 'boost::statechart::event< Ev3 >', is represented by a white box with a black border and is divided into three horizontal sections. The top section contains the class name. The derived class, 'sm_viewer_sim::Ev3', is represented by a gray box with a black border and is also divided into three horizontal sections. The top section contains the class name. A blue arrow with an open triangular head points from the top section of the derived class box to the bottom section of the base class box, indicating inheritance.
