

```
function< void(std  
::shared_ptr< smacc  
::StateReactor >)>
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains a C++ function signature. It is divided into three horizontal sections by thin black lines. The bottom section is empty. A vertical line descends from the bottom center of the top box, passing through a small white diamond with a black outline. To the right of this line, the text '+fn' is written. The line then enters the top of a second rectangular box. This second box is gray with a black border and contains a C++ class name. It is also divided into three horizontal sections by thin black lines. The bottom section is empty.

+fn

```
smacc::introspection  
::StateReactorCallbackFunctor
```
